

Figure 1. Known natural and/or potentially natural (spontaneous) interspecific crosses among species of *Agrostis* and/or *Polypogon* in the United States and Canada (details in Tables 1 & 2 of “White Paper: Perspective on Creeping Bentgrass, *Agrostis stolonifera* L.” – USDA/APHIS/BRS, B. MacBryde, ver. 12/12/2005).
